A quick note about User Interface Designers

Passion. It drives them to find the perfect mesh of usability and slick looks. It fuels their need to code our designs down to the pixel in any browser. It pushes them to excel and keep moving forward.

Passion. That's what a UI designer is all about.

Yours sincerely,

A handwritten signature in black ink, consisting of several overlapping, sweeping lines that form the name 'Dirk van Boxtel'.

Dirk van Boxtel, user interface designer.
